

News from ECQA®

The latest news and the last for this year!

Holidays are coming in a few days and the **ECQA®-Team** wants to send you the warmest greetings of this festive season and best wishes for Happiness in the New Year.

Chaise Partnership Meeting- ROME

A postcard from sunny Rome, where last week, the 23 [CHAISe_EU](#) partners gathered for the 7th partnership meeting of the project

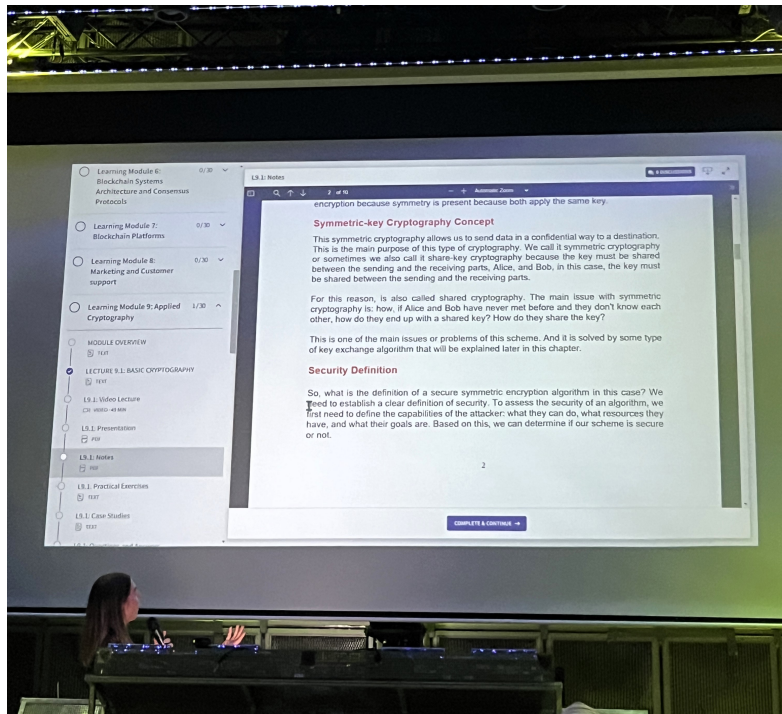

In this two-day meeting, CHAISe partners discussed the latest project developments and aligned on the activities foreseen for the project's final year

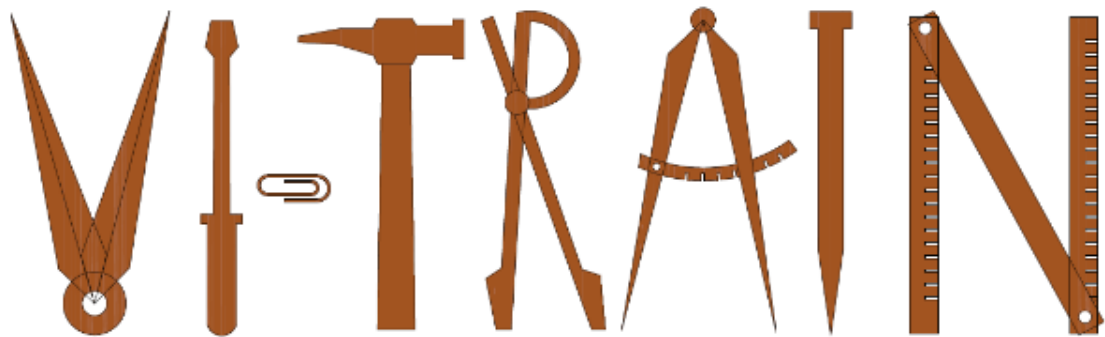

Chaise at the DLT Community Austria Event

Further, on **December 7th**, we had the opportunity to present CHAISE at a collaborative event with the **DLT Community Austria**. Special thanks go out to the organizer Ed Prinz, who made our participation possible.

Virtual TRAINing for traditional crafts

Final Partnership meeting, CASCAIS

In November, the consortium partners gathered in CASCAIS for their final project meeting. They looked back to a successful project and enjoyed some sunny days in the beautiful city of Cascais!

GreenScent

Skill Cards for the different Modules within the ECCDL are being finalized and Trials and partial Courses are given all over Europe, collecting the feedback for the partners. Schools, teachers and Kids are involved in these trials (from using demonstrators, to actively measuring air quality to basic understandings). If you are interested in news or how to collaborate, please check out the webpage and the newsletter of GreenScent.

Contract with VDI and intacs® is finalized. This means that the Medical SPICE certification is ready to start 2024, with ECQA being the exam and certification body.

EuroSPI was quite a blast again in Grenoble. Lot's of topics dealing with trainings and certification. Looking very much forward seeing you all in Munich 2024 for the next EuroSPI.

New Projects started:

- Ecolution (<https://www.ecolutionmsc.eu/>)
- Inhabitat
- Pumped
- Ecoprise
- ClipComp

More on these next time.
